[ukavin7@gmail.com](mailto:ukavin7@gmail.com) | 8220427248

## EDUCATION

**Nandha Engineering College,**  
BE - Computer Science and  
Engineering  
Erode, Tamil Nadu  
Cum.GPA: 7.8 | June 2023

**Kongu Polytechnic College,**  
Diploma in Automobile  
Engineering  
Erode, Tamil Nadu  
Percentage: 82% | 2019

**SMVB. Mat.Hr.Sec.School,**  
SSLC,  
Erode, Tamil Nadu  
Percentage: 93% | 2016

## SKILLS

### Programming

- React JS, Node JS,  
Express JS, API, Redux
- HTML, CSS , Javascript,  
TailwindCss
- Mongo DB , MySql

### Tools & Applications

- Visual Studio Code, Github
- PowerPoint, MsWord

## CERTIFICATIONS

MERN Stack Development Course - Qtree  
Technologies

- Gained skills in front-end and backend  
using ReactJs, NodeJs,  
Javascript, HTML, CSS and Mongo DB

### Scopus Journal

- International Journal for Research  
In Applied Science and Engineering  
Technology Certificate for Contribution  
to “Social Network Mental disorder  
Detection via Online Social Media  
Mining” Project.

Web Developer Internship – CubikSoft  
Technologies

- I gained hands-on experience working  
with web development technologies,  
building websites and learned with best  
practices in web design and  
development in both front and backend  
experience.

## PROFILE SUMMARY

### WEB DEVELOPERS

- A Passionate web developer with expertise in ReactJs ,  
NodeJs, MongoDB, skilled in creating efficient, responsive  
and user – friendly websites. Dedicated to continuous  
learning and contributing to impactful projects through  
coding and design expertise.

## CORE COMPETENCIES

- Specialize in building user-friendly websites using ReactJs,  
Tailwind css and NodeJs.
- Using Reactjs Hooks to fetch and display data from APIs  
URL dynamically on websites.
- Skilled in managing global states using Redux toolkit.
- Proficient in managing data using Mongo DB for web  
applications.
- Work with Visual Studio Code (VSCode) and Vite + React  
for real time coding and testing.
- Creating responsive websites that work well across all  
devices using Tailwind CSS.

## PROJECTS

### ChatRoom Application || 2025

Technology – ReactJs, TailwindCss, NodeJs, ExpressJs, MongoDB

- ChatRoom Application is a messaging platform like  
creating groups and chatting with group members.  
Featuring responsive design using tailwind css and robust  
backend functionality with ExpressJs & Mongo DB.

### Weather Forecast Application || 2024

Technology – ReactJs, TailwindCss, ExpressJs and Weather bit API

- It is a basic Weather Forecasting App built with ReactJs &  
Tailwind Css with responsive design to provide current  
location based weather reports.

### Social Network Mental Disorder Detection via Social Media Mining || 2023

- This is an Academic Project build with python and MI,  
featuring to determine the mental capability of an  
application via reviews and ratings of an application.
